

Horticultural Spray Technician

- Immediate start
- Permanent full-time position
- Glenorie location

A little about Arborglen

A valued part of the Flower Power Group, Arborglen is one of Sydney's largest wholesale production nurseries. With a sprawling site spanning 55 acres in Glenorie, we nurture and grow over 5 million quality plants each year, providing up to 80% of the plants sold in Flower Power Garden Centres while also providing for a wide range of trade and industry customers.

About the role

We're on the lookout for a ChemCERT certified Horticultural Spray Technician to join the team at Arborglen, our growing wholesale production nursery. Based in Glenorie, this full-time role will see you responsible for the regular application of the necessary chemicals to help our quality Homegrown plants reach their full potential.

Key Responsibilities

- Applying pesticides, herbicides, fungicides and growth regulators to nursery stock
- Operating equipment including hand sprayers and tractors
- Preparation, calibration and regular maintenance of spray equipment
- Adherence to strict health and safety compliance regulations
- Maintaining accurate, detailed records of application specifics, including product name, application rate, timing, and location

Skills & Attributes Required

- ChemCERT certification
- Experience with nursery chemical application
- A valid driver's license plus your own vehicle
- Great teamwork skills with the ability to work autonomously
- A drive to achieve and maintain high standards
- Willingness to work in all weather conditions
- A passion for plants and horticulture

How to Apply

If you're looking for your next career opportunity and want to grow with Australia's leading garden and landscape centre group, we'd love to hear from you. Please apply on [SEEK](#).
